

Contents

Passage 1:	7
Origin of Petroleum-----	7
Passage 2:	14
Accumulation of Petroleum-----	14
Passage 3:	21
The Nature of Petroleum-----	21
Passage 4:	30
Crude oil-----	30
Passage 5:	32
Transformation of the Organic Matter Into Petroleum-----	32
Passage 6:	40
Expulsion of Petroleum From the Source Rock and Accumulation-----	40
Passage 7:	42
Primary Migration-----	42
Passage 8:	47
Different Migration Processes-----	47
Passage 9:	49
Reservoir Traps-----	49
Passage 10:	57
Stratigraphic Reservoir Traps-----	57
Passage 11:	64
The Difference Between Stratigraphic Traps and Structural Traps-----	64
Passage 12:	67
Subsurface Geology-----	67
Passage 13:	73
The Petroleum Geologist Work-----	73
Passage 14:	75
Compaction-----	75

Passage 15:	84
Basin Development -----	84
Passage 16:	91
The Overburden Pressure -----	91
Passage 17:	93
Desert -----	93
Passage 18:	95
Sediments -----	95
Passage 19:	97
Changes With Depth-----	97
Passage 20:	99
The Development of the Fault-Block Shape-----	99
Passage 21:	101
The Geologic Characteristics of a Large CO ₂ , Accumulation-----	101
Passage 22:	103
Geology and Earth Sciences -----	103
Passage 23:	109
Geophysical Exploration for Hydrocarbons -----	109
Passage 24:	116
Methods of Oil Exploration-----	116
Passage 25:	123
Well Logging -----	123
Passage 26:	128
The Mechanical Logs-----	128
Passage 27:	136
Reservoir Rocks-----	136
Passage 28:	146
Reservoir Description of Sandstones -----	146
Passage 29:	155
Crude Oil and Its Relation to the Rocks-----	155
Passage 30:	162
Wettability -----	162
Passage 31:	164
Reservoir heterogeneity -----	164
Passage 32:	166
Drainage Process -----	166

Passage 33:	169
Water Saturation -----	169
Passage 34:	171
Reservoir Engineering -----	171
Passage 35:	178
Petroleum Reservoirs -----	178
Passage 36:	180
Gas Reservoirs -----	180
Passage 37:	187
Dry gas -----	187
Passage 38:	189
Separator tests -----	189
Passage 39:	191
Recovery Techniques -----	191
Passage 40:	193
Stimulation design -----	193
Passage 41:	195
Correct Sampling of Crude Oil -----	195
Passage 42:	197
Branches of Petroleum Industry -----	197
Passage 43:	205
Marine Petroleum Pollution -----	205
Passage 44:	211
Drilling Team -----	211
Passage 45:	215
Directional drilling -----	215
Passage 46:	217
Circulating System -----	217
Passage 47:	220
RAB drilling -----	220
Passage 48:	222
Cement plugs -----	222
Passage 49:	224
The Well Control System -----	224
Passage 50:	228
Well-Monitoring System -----	228

unit 1-----	231
unit 2-----	232
unit 3-----	233
unit 4-----	234
unit 5-----	235
unit 6-----	236
unit 7-----	237
unit 8-----	238
unit 9-----	239
unit 10-----	240
unit 11-----	241
